

Safely create instant space separation.

72 x 84 Goff's Personal Safety Partitions shown between tables, and 54 x 36 over pickup counter.

Personal Safety Partitions

The easy-to-implement PPE system designed to separate areas of close contact between individuals and provide your guests or employees a safe and comfortable space to live, dine or work in.

Keep your people safe:

1. Shield Against Airborne Contaminants

Goff's Personal Safety Partitions help prevent the spread of airborne contaminants and viruses, improving safety and comfort in your close-proximity spaces.

2. Minimally Intrusive Design

Our clear PVC design allows full visibility through the partition and creates a sound barrier between users, without being a distraction or focal point.

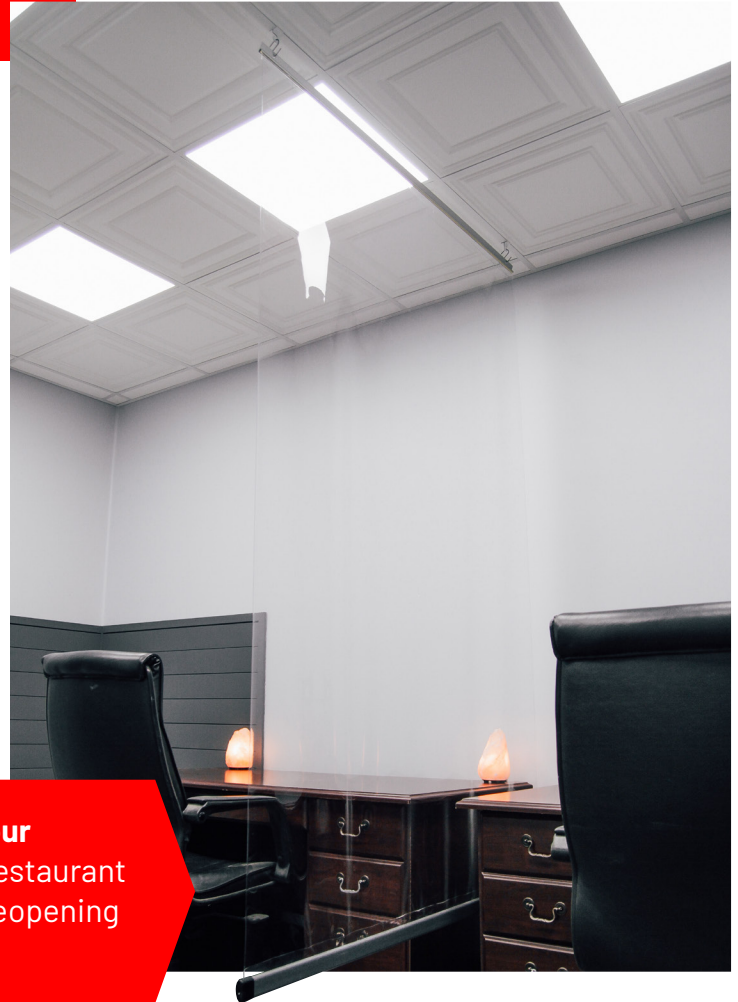

3. Easy to Clean & Safe to Use

Our safety partitions are easy to clean and sanitize between uses, making them the safest option to improve protection & comfort at your facility.

4. Quickly Shipped & Easy to Install

Receive your partitions in no time and get it up and ready in minutes to maximize the safety & comfort of your space.

Our partition maintains safety without reducing your space's capacity, complying with OSHA, National Restaurant Association, and other organization guidelines for reopening safely & responsibly from the threat of COVID-19.

54 x 72 hanging partition between desks.

72 x 84 hanging partition between dining tables.

Minimally Intrusive

Our clear & minimally intrusive design allows full visibility through the partition, helping users feel safe and separated without impeding on your space's design or lighting.

60 x 60 floor standing partition between cafe tables.

Easy to Disinfect

Our easy-to-clean clear PVC makes sanitation quick and easy using isopropyl alcohol, maintaining a safe and clean surface on both sides of the partition for each and every user.
